Welcome

HerbSupply.net is the best seller of natural supplements and herbs as well as other natural health care products.

All herbs and supplements that we sell are of the highest quality. When possible, the herbs are organic, wild-crafted and non-sprayed.

All of herbs and supplements that we sell are encapsulated in gelatin free vegetable capsules, halal and kosher certified. They are made from the southern pine tree and reverse osmosis (filtered) water. Gelatin-based capsules may contain infectious disease-causing agents such as those associated with “Mad Cow Disease.”

The capsules contain absolutely **NO FILLERS** – just herbs and/or pure supplements.

We have a passion to be the best seller of herbs and supplements as well as many other natural health solutions for you and your loved ones.

With **HerbSupply.net**, your buying experience is 100% guaranteed to be absolutely positive! We care about you and welcome your comments and suggestions.

Good Health to You All,

HerbSupply.net team.

Laws of Health

Nutrition - Avoid all refined foods. Use fruits, vegetables, nuts and seeds, legumes and grains, as fresh & simple as possible. Fresh is best, Frozen next best, dried is OK also. Eat as much as possible fresh & raw. Sprouts are very good. Reduce oil and fat, including margarine and vegetable oils and things made with them; especially Canola oil. (Read Labels). Use no refined sugar. Aspartame or artificial sweeteners: replace with honey or dried fruits and use these Lightly. Avoid 'salt bombs' such as cheezies, chips, pretzels and party snacks. Most cheese is extremely high in fat & salt and should be limited. Use no deep fried foods. Don't mix fruits and vegetables at the same meal. Avoid 'hot' spices and vinegar. Cook in Glass, stainless steel, or enamel, not aluminum. (or better still eat it raw) If you can, get organically grown foods. Avoid micro waved, and irradiated produce. The more man does with a food the less nutritional value it has left when he is finished.

Exercise- Begin a program of walking. Walk as far as is comfortable, gradually working up to 3 or 4 miles a day. Take a walking stick for stability. Work up to a minimum of 20- 30 minutes at least every other day. If muscles are weak, every other day is better, as it takes 48 hrs. recovery time. Can't go out? A rebounder, (mini trampoline) is good for some.

Water- Your body is about 75% water. Lots of water is needed for optimal function. Every process in your body depends on the presence of adequate water. Drink lots of pure, soft water daily. Distilled or reverse osmosis water is best. Juice, tea or soft drinks do NOT take the place of water. Your weight ÷ 2 = minimum number of oz. of water to drink daily. Adequate fluid intake will increase your endurance and energy levels. Studies show DEHYDRATION at the cellular level to be the root cause of many diseases. Carry a supply with you at work and on walks etc. On arising squeeze a fresh lemon into two glasses room temperature or warm water and drink it. Drink between meals. 2 hours after to 1/2 hour before, not with meals. Taking 2 glasses 1/2 hour before each meal, prevents mealtime thirst, aids digestion and prevents ulcers. Shower daily with cool or tepid water using a bath brush or good rough washcloth to rub your skin all over. This improves circulation and helps the body to get toxins out.

Sunshine- Sunshine has several benefits to the body. It furnishes the natural Vitamin D and helps to lower cholesterol. Sunlight increases the volume of oxygen in the blood. Start with 10- 15 minutes daily to face and hands and work up to 30- 45 minutes daily. The best time for sunbathing is 9- 10 am and 4- 6 PM. Avoid burning. To lessen skin cancer risk, reduce the fat intake, such as animal fats, oils, margarine- (and foods containing refined, processed oils)

Temperance- Temperance is not only concerned with drinking booze or smoking; good health requires moderation and wise choices in all aspects of life. Over- eating, over- playing, over - working, and over- indulgence of the marriage privilege can all contribute to poor health. Abstain from all harmful indulgences; Tobacco, alcohol coffee, tea, (except herbal tea) colas and soft drinks. The bit of pleasure they might give is not worth the misery they cause in the long run.

Fresh Air- Pure fresh air is very important to our well being. That means good air with lots of oxygen. Walking in forests and nature is great. Do some deep breathing exercises daily, this is very helpful in the morning. Even in winter have windows open a little and air rooms daily. Avoid smoke, chemicals, room fresheners and aerosol sprays.

Rest- Get adequate restful sleep; an early, light supper, well before bedtime and no eating before bed will help. A relaxing warm bath may help you unwind, avoid stressful and stimulating activities before bedtime. Regular times for going to bed and rising will also help. The best time to go to bed is between 9 and 10 PM. This sounds strange, because in our culture, it almost seems in bad taste to sleep. 100 years ago the average person got 9 or more hours sleep. Now it is more like 4 or 5. Exercise during the day also helps set the stage for restful sleep. Avoid using drugs for sleep, as these are harmful and sleep thus attained is of little benefit to your body. Lack of restful sleep is for many the root of the 'enervation' that brings disease. For healing and cleansing to occur much rest and sleep is needed as these actions are done only while asleep.

Trust in God- An abiding faith in our loving God will help you. He has made every provision to forgive and cleanse all our past mistakes. He will give power to break harmful addictions and help us overcome bitter and angry attitudes that 'eat us up' inside. If we are 'Willing to be made willing' He will work with us, take away our love for sinning and make us free in Him. Ask Him. Have you ever really read the Bible? Oh, I don't mean just looking up a text at church; I mean really read it as a letter of love from God to you personally? Well, when you do, you will find it full of precious promises; each one meant for you just as much as anybody else. Do you know what 'Faith' is? Well, it is simply taking God at His word; in other words, believing that He means what He says in His Word, the Bible. If you take time every day to read God's Word as personal to you and talk to Him about His promises; your life will blossom as you have never dreamed.

Questions

Do herbs work?

For millions of people in Europe, Asia and other countries where herbal medicine is standard treatment in their healthcare systems, the answer is a resounding "YES!" Here are a few key points to keep in mind when using herbs: DO NOT expect the activity or immediate response of a drug. Results vary with each person, but improvements can generally be seen within 3-6 days. Chronic problems usually take longer.

Are herbs safe?

Yes, used in moderation and according to the manufacturer's recommendation, herbs can be a safe alternative to chemical drugs with their numerous and toxic side-effects.

Why do herb labels not say what they do?

Contrary to what is often stated in the news, the Food & Drug Administration (FDA) regulates what manufacturers are allowed to say on their product labels. We are not allowed to say an herb cures or improves any condition that the FDA considers to be a disease, such as "colds", "cancer", "diabetes" or "high blood pressure". While this can be very frustrating for you as the consumer, it is very important for us to follow the guidelines so that we can continue to provide you with the herbs and supplements you need.

What is the difference between wild crafted and organic herbs?

Wild crafted herbs are grown and harvested in their natural habitat; **organic** herbs are grown in an controlled environment.

How long can herbs be stored before they begin to lose potency?

The length of time herbs can be stored varies greatly according to storage conditions. If herbs are kept in a cool, dry, dark place, and in airtight containers, most will retain their potency for up to 3 years. Many find it best to store dried herbs in opaque, airtight glass jars.

Wheat Grass 1Lb #30930

The Best there is!

1 Bottle- \$41.99

From Pine's Int'l

Serving scoop included

The benefits of Organic Wheat Grass powder include:

- ▶ Increases red blood-cell count and lowers blood pressure. It cleanses the blood, organs and gastrointestinal tract of debris.
- ▶ Stimulates the thyroid gland, correcting obesity, indigestion, and a host of other complaints.
- ▶ Restores alkalinity to the blood. It can be used to relieve many internal pains, and has been used successfully to treat peptic ulcers, ulcerative colitis, constipation, diarrhea, and other complaints of the gastrointestinal tract.
- ▶ Is a powerful detoxifier, and liver and blood protector. It strengthens our cells, detoxifies the liver and bloodstream, and chemically neutralizes environmental pollutants.
- ▶ Fights tumors and neutralizes toxins.
- ▶ Contains beneficial enzymes.
- ▶ Has remarkable similarity to our own blood. The second important nutritional aspect of chlorophyll is its remarkable similarity to hemoglobin, the compound that carries oxygen in the blood.
- ▶ When used as a rectal implant, reverses damage from inside the lower bowel. An implant is a small amount of juice held in the lower bowel for about 20 minutes. In the case of illness, Organic Wheat Grass implants stimulate a rapid cleansing of the lower bowel and draw out accumulations of debris.
- ▶ Externally applied to the skin can help eliminate itching almost immediately.
- ▶ Will soothe sunburned skin and act as a disinfectant. Rubbed into the scalp before a shampoo, it will help mend damaged hair and alleviate itchy, scaly, scalp conditions.
- ▶ Is soothing and healing for cuts, burns, scrapes, rashes, poison ivy, athlete's foot, insect bites, boils, sores, open ulcers, tumors, and so on.
- ▶ Works as a sleep aide. Merely place a tray of living wheat grass near the head of your bed. It will enhance the oxygen in the air and generate healthful negative ions to help you sleep more soundly.
- ▶ Enhances your bath. Add some to your bath water and settle in for a nice, long soak.
- ▶ Sweetens the breath and firms up and tightens gums.
- ▶ Neutralizes toxic substances like cadmium, nicotine, strontium, mercury, and polyvinyl chloride.
- ▶ Turns gray hair to its natural color again and greatly increases energy levels when consumed daily.
- ▶ Is a beauty treatment that slows down the aging process. It will help tighten loose and sagging skin.
- ▶ Lessens the effects of radiation.
- ▶ Restores fertility and promotes youthfulness.

**Vitamin C
(Ascorbic Acid)**

Vitamin C, a water soluble vitamin, is a potent antioxidant and studies suggest that this nutrient may prevent premature death from heart disease and cancer. Vitamin C was originally revealed for its anti-scurvy properties but the focus nowadays is more on its potential cell protection properties. Besides its antioxidant benefits, Vitamin C plays a primary role in collagen formation which is essential for the growth and repair of tissue cells, gums, blood vessels, bones, and teeth. Smokers and older people have a greater need for this vitamin. There is absolutely no proof that esterified Vitamin C or other specialized versions of it are more easily absorbed by the body than ascorbic acid.

#30914 5- Day Colon Cleanse Kit 2 Super Formulas \$29.95

As a result of the toxic environment, and due to a combination of stress, poor diet, improper food-combining, drug intake and/or lifestyle; over a period of time, many people develop a thick layer of toxic fecal matter that coats the colon. It hardens and becomes impacted, especially if the diet is not natural, reducing the efficiency of the bowel, and in some cases, completely obstructing normal elimination of waste matter from the colon. The colon loses its ability to properly eliminate all waste from the gastrointestinal tract.

As toxins build up, they disturb normal body metabolism function. As a result, a person may gain pound after pound despite an exercise program, or lose weight despite a good diet. Removing the layer of fecal matter coating the intestines (with anywhere from 25 to 50 lbs.) in many individuals, allows improved assimilation of the nutrients from foods and can alleviate symptoms of vitamin, minerals and other nutrient deficiencies. You want this formulas in your colon at all times, and not sporadically. Then you will notice parasites being removed, casing of old fecal matter and mucus coming out.

Contents: Colon Cleanse, Colon Detox, 5-Day Detoxification Instruction

The benefits:

- ▶ Relief from the symptoms of many digestive disorders, including irritable bowel syndrome, constipation and hemorrhoids
- ▶ Increased absorption of any vitamins, minerals, and other nutrients that you ingest
- ▶ Increased effectiveness of all other detoxification processes
- ▶ Reduction and/or elimination of intestinal parasites and their accompanying symptoms, including insomnia, diarrhea, nervousness, chronic pain, menstrual irregularities, and chronic fatigue
- ▶ Reduction and/or elimination of an overgrowth of Candida albicans, the yeast responsible for recurrent yeast infections, fungal infections like athlete's foot, and a host of other symptoms, from sugar cravings to chronic fatigue
- ▶ Strengthening of the colon wall, which will speed digestion and allow wastes to pass through the body more efficiently
- ▶ Creating an environment that will encourage healthy levels of friendly intestinal flora, which are necessary to maintaining balance in the colon

International Orders

International orders are shipped by United States Postal Service (USPS). Due to current international restrictions, we have decided recently to only ship international orders if the customer pays by **PayPal** and agrees that they are responsible for the products to enter through their respective country's customs. We cannot guarantee international shipping, nor the passing through customs. **Herbsupply.net** is not responsible for any duties, taxes or other associated import fees that your country may impose. These additional costs are the sole responsibility of the buyer. If you still would like products shipped to you and are willing to take all responsibility for their arrival, please e-mail us at sales@herbsupply.net with the products you would like and we will e-mail you back with the total amount to be sent to us by **PayPal**. For questions concerning international orders please e-mail us at sales@herbsupply.net

Bulk Orders

Offering affordable and realistic prices to everyone is extraordinarily important to us, and therefore we offer substantial discounts of up to 25% when you buy our herbs and supplements in bulk. After close observation, you will see that **Herbsupply.net** is consistently cheaper than most every bulk supplier of organic herbal products.

Custom formulas and other single herbs are available upon request.

The cost of the custom formulas and single herbs are generally in the same wholesale price range as our other formulas or single herbs (you need to contact us to access these prices), and are determined by the particular herbs used and the number of herbs used. Low minimum order requirements will apply, usually about 5000 capsules for formulas that use stock herbs. For formulas that we do not have the ingredients in our normal stock, the minimums vary according to our supplier minimum purchase requirements, normally the minimums vary between 50 bottles of 100 capsules each for encapsulation of a single ingredient, and commonly 50 or 100 bottles for formulas. For more information please contact us. We cannot and do not assume any liability for any adverse reactions from the use of custom formulations. We also cannot and do not guarantee the efficacy of custom formulations.
